

## Note from Area Coordinator for 40 Days for Life in Falls Church – March 2024

*Prayer warriors on site when mother changes mind*

...thanks to your faithfulness in your prayers, fasting, and powerful presence, we witnessed a mother's change of heart on the last Friday of this 40 Days for Life on March 22. Matt Z (from St. John Beloved) reported he offered a young lady a free ultrasound as she headed to the abortion center. She said she didn't need one because she already had one and showed him a crumpled picture of her sonogram. She said she could tell she's much larger now.

Matt let her know of the many free resources and pregnancy centers available...Mike C (from Holy Spirit Church) told her many women regret their abortion, that we love her and her baby, and he would hate to see her go through that. After more exchanges, she thanked us for the help offered and said she is going to keep her baby and drove off with her friend. Praise be to God! Please pray for "Cathy" and her baby!
